

## POLICE WARN OF SALESMAN WHO IS MISREPRESENTING

### Caution Public Against The Purchasing of Articles From Him

#### MAY NEVER RETURN

### There is No Record of Such A Man at Valley Forge Hospital

Warning is given as to a salesman going throughout Bucks County who is allegedly misrepresenting the facts about certain articles which he is offering for sale.

"Purchasers may never see the articles ordered nor the salesman again," writes James N. Marion, president of the Bucks County Police Association.

Back on Friday, the 13th of June, I was approached by a man who was selling items of merchandise which he represented as being made by disabled soldiers at Valley Forge General Hospital. One item offered was a plaque made of polished wood, bearing the name, serial number and place of service. This article was available for the sum of \$6.95. There was another article sold for \$5.00 which was a large paper certificate, setting out the discharged serviceman's name, serial number, branch of service and other service data. These items together sold for a bargain of \$11.00. The salesman explained that you pay him the cash, and he would place the order with the "poor disabled Vets at Valley Forge," where it would take from three weeks to a month to complete the order.

I suspected this salesman and asked for his credentials, at which point he made a hasty departure. After some investigation I have learned his identity and present address, and also learned that the items offered for sale are not made at Valley Forge General Hospital. The following is a copy of a letter received from The Valley Forge General Hospital on July 9.

"Dear Sir:

"This will acknowledge your letter of July 7, 1947. There is no record at this Headquarters of the person you inquired about as ever having been stationed here to duty or having been a patient in this hospital.

"No articles of any kind are made in this hospital and made available for sale to anyone. Some of the patients do make small articles for themselves in the Occupational Therapy Shop; however, these articles are not for sale by this hospital.

"Sincerely yours,

"(Signed),

"CLARENCE H. PERSHING,

"Major—Adjutant."

I am sending this letter to the newspapers in Bucks County so that the people may know that this salesman is misrepresenting the facts. They may not ever see the articles nor him again, once he gets their money. You may add to this letter, or change it if you desire. I'd suggest that you mention that cases of this nature be reported to the police authority in the area.

Thanks,

JAMES N. MARION,

President,

Bucks County Police Association.

## Harvesting of Bucks Co. Sweet Corn Soon to Start

Bucks County sweet corn will soon commence appearing on tables in nearby cities, a few hours after it is plucked.

In a week or more, farms in central Bucks, as well as those in other parts of the county, will be harvesting the toothsome ears, according to William H. Yerkes, Buckingham, who will have about 30 employees busy at the task.

Mr. Yerkes, one of the most extensive sweet corn growers in this part of the country, has approximately 300 acres devoted to the crop. Some are on his own farm and others are on properties he has leased for the season.

The outcome of the sweet corn yield is never sure until it is harvested. Things with which the sweet corn grower has to contend are the weather, the European corn borer and the ear worm.

Weather conditions so far this season have been rather favorable, but in fields that have been hit hard by the rain the stalks are irregular in size. Mr. Yerkes, who realizes that it is impossible to get good results without fertilizing, also has to contend with the corn borer, but this pest can be retarded by dusting, using an airplane. It is likely also he will resort to some dusting to get ahead of the ear worm, which eats into the kernels.

At present an attempt is being made to find the percentage of corn borer infestation. This is done by selecting small plots of corn and then counting the number of larvae found in each plot. This will determine to a large degree how thoroughly the dusting must be done.

The Arrow Safety Device Company will permanently close its plant at 7th and Spruce streets, Perkasio, July 31. This announcement was made by the firm this week.

The firm employs 85 men and women in the production of electric lighting devices for automobiles, planes and ships. The Perkasio plant was opened two years ago and at its peak of production more than 100 employees were on the payroll.

Production virtually stopped on Friday of the past week when employees began their vacation. Maintenance workers, together with several workmen in the paint and shipping departments are finishing up the work. Those on vacation are through.

The main offices and parent plant are located at Mount Holly, N. J. It was said that production was so far ahead of sales that the parent plant could supply the demand.

Mrs. Noeline Westervelt Barlow of New Hope, is sole beneficiary in the \$111,000 estate of her father, the late Arthur Robert Westervelt, New York banker and member of an old New Jersey family, according to findings in New York by the New York State Transfer Tax Department.

## A SUMMARY OF THE NEWS

The Republican fight in the Senate for an investigation of Attorney General Clark and his handling of the inquiry into charges of fraud in the Kansas City elections of 1946 ended in apparent surrender yesterday before the stone wall of Democratic opposition.

The Senate approved a bill providing virtually all the funds asked by President Truman for foreign relief and aid to Greece and Turkey as Congress grappled with an accumulated mass of appropriation bills in an 11th-hour dash for adjournment.

By a voice vote, the House passed the measure calling for unification of the nations armed forces under a Secretary of Defense. This completed Congressional action on the bill, which President Truman is expected to sign. As soon as he does so, Air Force leaders will begin to make the Air Force a ready-to-fight "by Christmas" organization.

Mr. Truman signed a Senate joint resolution ending 175 emergency wartime powers and announced the Attorney General was studying procedure for the termination of other emergency powers as quickly as possible.

Eight-month jail terms were imposed on former Representative

## Safety Tip of The Week

### Wait A Minute—Waste A Minute!

Did you have eggs for breakfast? Lots of people do—eggs taste good, they're good for you, and besides, they're quickly prepared when you're late for work and time is precious.

Lives are precious, too. In the three minutes or so while your breakfast eggs were boiling, at least two pedestrians were killed or injured somewhere on the nation's highways—or maybe in your community. While you were eating, another ten or more met with disaster.

Chances are 3 to 1 those victims were in a hurry—they took the short way across the middle of the block, instead of the safe way at the crosswalk. They stepped out suddenly from behind a parked car, instead of looking both ways to see if the road was clear, or waiting until the traffic light turned green.

National Conservation Bureau safety specialists report that impatience is the nation's Number One highway killer. Time is precious—sure! But not enough to pay for it with a life.

## TEEN-AGERS MUST BE EDUCATED

### Safety On Highways Must Be Taught These Youths

#### PRACTICAL TUTORING

By Roscoe L. West  
 Chairman, National Commission on  
 Safety Education

A million and a half new drivers will get behind the wheel this year. Almost all of them will be teenagers in their third or fourth year of high school. Unless the nation's educators responsible for the training of these youths recognize the importance of safety education the new drivers will be a million and a half potential menaces to life and limb on our streets and highways.

Not only is there a responsibility for establishing driver education in the schools, but it is important that once such courses are inaugurated they be conducted in such a way as to enhance the interest of the students. The most desired type of training is actual behind-the-wheel instruction with dual-control training automobiles. Many school systems cannot yet afford such equipment, however. For them there is an alternative in conducted tours of safety and traffic agencies.

Field trips have a terrific effect on the teen-agers' minds. They see people actually working on meaningful problems. The facts are there before them, and seeing is believing.

Teen-agers are much more interested in taking an active part in things they know about and understand. This basic principle can be applied to their present record in traffic accidents. They may be aware that their record as drivers is the worst of any age group, and that casualties are mounting at a serious rate, but they aren't going to feel personally responsible for bettering their traffic record unless they have an understanding of what the traffic problems are and what can be done to solve them.

A well planned field trip might open the eyes of teen-agers and show them how they can improve their record. Let them see how their city or state copes with the traffic problem.

## SCHOOL INSTRUCTOR QUITS HIS POST

### Perkasie Agriculture Head To Direct the Veterans' Course

#### SERVED TWO YEARS

PERKASIE, July 26 — D. Ker Endslow, who plans to take charge of the veterans' agriculture training course in Montgomery county, has resigned as head of the vocational agriculture department at Sellersville-Perkasie High School. He had served in the latter position for two years.

The veterans' course he will direct will be given at centers at Schwenksville and East Greenville and will be available under the GI Bill of Rights to discharged members of the armed forces who served in World War II.

The Sellersville-Perkasie twelve-month course is to be revamped, according to the board of education, which is planning to substitute a ten-month general course in agriculture. These plans were made when the recently enacted school legislation was interpreted that the state appropriation for vocational agriculture in consolidated schools should be cut to the level of other subjects. The state previously appropriated 80% of the instructor's salary.

The new course will be two months shorter than the old one. This change resulted in the loss of a month's salary for the instructor plus additional fees for travel and extra work. This sum of money amounted to over \$700 annually.

A protest, claiming discrimination against consolidated schools was mailed to state authorities by Supervising Principal Lewis N. Snyder.

## TWO CHURCHES TO BURN MORTGAGES HERE

### St. Ann's and Zion Lutheran Churches to Celebrate Payments of Debts

#### SERVICES ARRANGED

Two Bristol churches will mark anniversaries tomorrow and two congregations will burn mortgages.

The mortgage of St. Ann's Church will be burned at the 11 o'clock mass, while there will also be a mortgage burning ceremony at Zion Lutheran Church.

Anniversaries will be marked at Zion Lutheran Church and also at St. James' Episcopal Church.

Fashioners of St. Ann's R. C. Church will hold a double celebration tomorrow — celebrating the Feast of St. Ann's and the burning of the mortgage of the church.

There will be a Solemn High Mass to begin the events tomorrow morning at 11 o'clock in the church. The Rev. John DeMatteo, of Washington, D. C., will be the celebrant with the assistant being Rev. Candido Ceconi, temporary assistant pastor of St. Ann's Church. The sub-deacon will be Rev. Mariano Ranzulli. The sermon will be by Rev. Peter Pinci, rector of the church.

The altar boys selected for the High Mass will be from those who served in St. Ann's Church during the year of 1906, namely: Michael Spinehl, Anthony Nicols, Joseph Alta, Lawrence Nocht, S. Joseph Alta, 2nd, Nick Ferraro, James Castelli, William Spezzano, Anthony Alta, and John Pagnone.

Services in the evening will begin at eight o'clock. The Solemn Novena in honor of St. Ann will close at this time and the service will include Novena prayers, a short sermon, and solemn benediction of the Blessed Sacrament.

Following benediction, the ceremony of the burning of the mortgage will take place during which the congregation will sing the official thanksgiving hymn of the Catholic Church, "Te Deum Laudamus," after which the services will close with the singing of the "Star Spangled Banner."

## THE GREAT GAME OF POLITICS

By FRANK R. KENT

### A Nice Fix He Is In

Washington, July 26. DESPITE the Gallup polls, the state of the Democratic party is so bad that it again has revived among Republicans the always dangerous belief for them that they can win with almost anybody. This does not affect the fact that Governor Dewey is still the probable nominee, that Senator Taft is his strongest competitor, that the only other available is Senator Vandenberg and ex-Governor Stassen.

HOWEVER, it does mean that the possibility that Mr. Truman will have the united support of all those naturally inclined toward the Democratic party has disappeared. The reason, of course, is the violent character of his labor-bill veto. The logical outcome, which almost any one smart enough to come in out of the rain should have foreseen, is a very damaging split in the Democratic ranks with Mr. Truman caught on the wrong side.

THE supposedly slick boys, of the Clark Clifford type, who put into Mr. Truman's mouth the lurid language of the communistically inclined CIO general counsel, Mr. Lee Pressman, and denounced provisions of the Taft-Hartley bill which simply were not in the bill should have had more sense, but they just didn't. They should have seen where the unrestrained denunciation of the bill into which they pushed the President was going to land him politically. But if they had been smart enough for that they would have been smart enough not to have forced him into the veto.

AS A result, Mr. Truman, looking forward to a convention hardly eleven months off, faces a situation.

## BEQUEATHS SUM OF \$500 TO AQUEATONG LODGE OF I. O. O. F.

### Mary C. Walton, Late of Doylestown, Also Lists A Hospital

#### INDIVIDUAL BEQUESTS

### Elizabeth Vandegrift, Newportville, Wills Estate To Brother

DOYLESTOWN, July 26 — Two bequests, one for the local Odd Fellows' Lodge and the other for Jefferson Hospital, were contained in the will of Mary C. Walton, of town, who died June 12.

The testatrix, who executed her will Jan. 25, 1944, bequeathed \$500 to Aqueatong Lodge, No. 193, I. O. O. F., of this place, and the residue to Jefferson Hospital, Philadelphia. Her personal estate was valued at \$4,500 and real estate, located at Hamilton and West Ashland street, at \$3,500.

Three cemeteries, Doylestown, Forest Grove Presbyterian and St. Mary's Catholic, will benefit from trust funds created in the Doylestown Trust Company amounting to \$200, \$100 and \$100 respectively.

Individual bequests follow: Howard Angeny, Harvey Walton, Clara Harding, each \$500; John Myers, \$100, and Alice Myers, \$400.

The sum of \$500 was bequeathed in trust for Cella Gilmore, and in a codicil dated Oct. 20, 1945, she stipulated that Mrs. Clara Hardy should receive jewelry, Mrs. Varcoe a ring, and Mrs. Angeny sewing room equipment for her kindness. In a codicil, written March 20, she directed that Alice Angeny receive \$400 for her kindness and care shown to her. William H. Satterthwaite was named executor of the estate.

William H. Margerison, Middletown township, who left a personal estate of \$50,000 and upwards and real estate valued at \$25,000, bequeathed \$2,000 to St. James' Methodist Episcopal Church, Olney, in honor of his wife and it shall be used to supply music.

The widow, Margaret Elizabeth Margerison, was given books, furniture and the household possessions. William M. Felton, a grandson, will inherit an automobile. Each grandchild was given \$500.

In a codicil, which was written Nov. 17, 1941, a brother, Thomas E. Margerison, was given \$1,000. The testator, who died June 13, provided for incomes for his widow.

With the exception of a bequest of furniture and jewelry to a sister, Amy Vandegrift, a brother, Arthur Kent Vandegrift, Newportville, will inherit the residue of the \$5,000 estate of Elizabeth S. Vandegrift, Bristol township. The testatrix, who died Feb. 15, named her brother executor. The will was written Oct. 11, 1939.

The widow, Alberta Frances Prouse, will inherit the \$500 personal estate of Howard H. Prouse, Plumstead township. The will was executed May 22, and the widow, Mrs. Prouse, who resides at Old Easton road, Danboro, was named executrix.

Emma Muhl Rowe, Northampton, who left a personal estate of \$1,000 and real estate valued at \$1,250, bequeathed a son, William G. Rowe, all her estate, personal and real, with exceptions.

Her husband, William K. Rowe, was given jewelry, and Mrs. Lilian Cairns was bequeathed a marcasite bracelet. The will was written December 11, 1945, and the

There are several city offices or state departments that would be well worth visiting on such a field trip. A few of the more important are the traffic court, the highway department, the traffic engineer's office, and the accident record bureau.

While considering such a project, it is well to be informed about the

sorts of things encountered in viewing traffic problems "from the other side of the fence."

In the highway department, plans are being drawn and studied for new construction and improvement of existing roads. Data on traffic volume, origin and destination of traffic, costs of rights-of-way and materials, and selection of routes to be built or improved may be seen by and explained to students.

If it is a state highway department, there may be a materials testing laboratory where, following experimentation, decisions are made about how road beds may be laid and what surfacing the roads should have for durability and safety. The equipment, methods and costs have a direct bearing on traffic safety.

To improve motor travel, almost every state and many large cities

employ traffic engineers whose main job is to make streets and highways safer and more efficient for the drivers who use them. Here are spot maps showing where and how different types of accidents have occurred. The traffic engineer is generally responsible for installing traffic control signals, signs and pavement markings. These activities are directly related to the interests of new or would-be drivers in the teen-age group.

State motor vehicle departments, highway patrols, and local police departments usually have accident record divisions where information on all reported accidents is available for study and use. Here is data on the number of traffic accidents by type, location, and persons involved. Much other information, such as weather and road condi-

tions, causes of accidents and types of vehicles involved, is tabulated in the accident record division for a variety of uses.

In the traffic court the details of serious traffic accidents are given a public hearing, with statements from those involved in an accident and witnesses who saw it or were on the scene shortly after the accident occurred. Hearing a traffic case as it is tried in court is a very valuable experience for the teenager.

The opportunities for teen-agers to see "traffic safety in the making" are many and varied. Any resourceful teacher can, through projects such as are suggested here, provide valuable learning experiences.

# CORNWELLS STILL CLIMBS UP LADDER IN CHURCH LEAGUE

Eddington - Newportville Team Routed by The Cornwells Team

## ST. LUKE'S IS SECOND Presbyterian Easily Defeated Bensalem by Score of 11 to 4

Cornwells continued its climb up the ladder of the Lower Bucks County Church Softball League when they routed Eddington-Newportville, Thursday night, by a 16-6 score, to enter into a virtual tie with St. Luke's for second place. The latter holds second place by a scant 12 percentage points over Cornwells even though St. Luke's was not able to play a single game this week. Both teams are now only 3 games behind Calvary Baptist, who still top the loop in the race for the 1947 title.

Earlier this week Cornwells knocked off Calvary by an 8-6 score when they turned back a Calvary rally that netted five runs in the last inning with the tying runs on base. Dale Smith's two-run single driving in the fourth and fifth runs featured the uprising. But Bob Whyte replaced the weakened Russ Jones to strike out the last man, to end the inning. Russ Jones' two-run homer in the sixth gave him and his mates an 8-1 lead going into the final frame. And in the light of later events, these proved to be the winning margin.

With Johnny Jones serving them up, Presbyterian easily defeated Bensalem, 11-4, in another league game. Jones held the opposition to 7 hits while his mates collected 17. Wayne Locke, Earl Vetter and Dick Little paced the attack with three hits apiece. As a result of this victory, Presbyterian drew up on even terms with Bensalem for fourth place with 11 triumphs and 16 setbacks. They are five games off the pace.

In the only other game played this week, First Baptist, behind the five-hit pitching of Dick Switzgabel, knocked off Church of Our Saviour to move up ahead of the latter into sixth place as a result. First Baptist got off to a 3-run lead in the first inning and clinched the verdict with three more in the fifth. Bud Wright, Kenny Heath, and George Yabbot led the winners' 14-hit attack with three bingles each.

The fourth and final round of play opens Monday night as the teams come down the "home stretch" vying for a spot in the first division to gain a playoff berth or to better themselves in the playoffs.

## VOLTZ INCREASES HOLD ON FIRST PLACE

CORNWELLS Heights, July 26—The Voltz-Texaco team's edge on first place in the second division of the Bristol Suburban League was increased by six games last evening as it beat the Badenhausen nine, 7-2, on the Bensalem school field.

The Oilers jumped on "Charlie" Martindell for five runs in the first inning on singles by Tazik, Lunck, Polyak, Kohler, a double by Purcell and a triple from the bat of "Jimmy" Cooper.

The mound victory went to "Mike" Deitch, who held the Badies to six hits. Three of the hits were made by Hibbs, Griffin and Clifton in the first inning and accounted for the losers' pair of runs.

### AMATEUR BOXING

#### Results of Last Night

175 lb. class: Theodore Calaman, 36th Police District, defeated Charles Coffin, 39th Police District, in three rounds.  
135 lb. class: Gandy Barksdell, 36th Police District, scored a technical knockout over Joseph Andriotti, St. Ann's, in the second round.  
118 lb. class: John Longo, St. Ann's, won the decision over John Nelson, Chris Perry Lodge, in three rounds.  
160 lb. class: William McNichol, 36th Police District, stopped Ted Sammel, St. Ann's, in the first round.  
166 lb. class: Alton Bell, 39th Police District, defeated Bernard Trice, Chris Perry Lodge, in three rounds.  
112 lb. class: Nick Ramagnoli, 34th Police District, scored a knockout over Ned Tucker, Chris Perry Lodge, in the first round.  
147 lb. class: Pasquale Pedato, St. Ann's, lost the three-round decision to Lorenzo Moya, 16th Police District.

Officials: Referee, George Giachino; judges, George Taylor and William Doyle; timekeeper, Herman Mancini; physician, Dr. Ben Brown; announcer, Dave Zinkoff.

Amateur boxing returned to Bristol last night as seven bouts were held in the St. Ann's outdoor arena, Wood street. Of the seven bouts, three ended in knockouts and four went the limit.

Representing St. Ann's A. A. "Johnny" Longo was the only Bristol lad to win a decision. He beat John Nelson, of Chris Perry Lodge, by a unanimous decision. In the second session, the ever-swinging Longo caught Nelson with a right hook and sent him reeling, but the bell came to the rescue of the Philadelphia boy and he stood the limit.

Two localities were the victims of knockouts. Joe Andriotti managed to stay the first round with Gandy Barksdell, of the 36th Police District, but in the second, Gandy hit the Bristol boy with several hard rights and Referee Giachino stepped in to save Andriotti from further punishment. The time of the T. K. O. was one minute and 46 seconds.

"Teddy" Sammel, Bensalem Township lad, looked like a first beater for one-half the first session but suddenly a left-hook from the mitt of William McNichol, of the 36th Police District, caught him on the jaw. Sammel went down and meant to get up at nine but did not make it, missing by a second.

Despite his defeat, Sammel did his opponent more harm than was done to him for he opened a large gash

on McNichol's forehead and the Philadelphia was still groggy from Sammel's blows when he left the ring.

In one of the quickest knockouts ever witnessed here, Nick Ramagnoli, of the 34th Police District, stopped Ned Tucker, of Chris Perry Lodge, in 31 seconds. The bout had just begun when Ramagnoli spun Tucker around with a right and followed this with two body blows to kyo his opponent.

The windup proved to be the most interesting bout of the night. Pasquale Pedato, St. Ann's, dropped a split decision to Lorenzo Moya, of the 16th Police District. The judges split in their voting while Referee Giachino gave the fight to the Philadelphia youngster.

In the second round, Pedato half-punched and half-pushed Moya out of the ring, the fighter landing among the first-row spectators. He was helped back into the ring and after a short rest was permitted to continue. In the third round, both fighters pushed each other around so much that they both fell to the canvas.

In the other bouts, Alton Bell, of the 39th Police District, won over Bernard Trice, of Chris Perry Lodge, and in the opener, Theodore Calaman, of the 36th Police District, trimmed Charles Coffin, of the 39th Police District.

Bell was the most cool and collected fighter of the night as he timed his punches perfectly, landing all solid blows.

In the Coffin-Calaman bout, Coffin was floored in the second round but got up before the referee could start a count. Coffin had a good left jab but Calaman broke into this defense to land the harder blows.

## DREAM GAME TO BE PLAYED HERE TOMORROW AT 2.30

Receipts To Go To Fund For Injured Players of League

### PLAYERS SELECTED

Managers of League Teams Are to Report at Maple Beach at 1 o'clock

The annual "dream game" of the Bristol Suburban League will be played tomorrow afternoon on the Maple Beach field when the selected players of both divisions clash against each other.

The receipts of the game will go into the players' injury fund which aids the ball players of the circuit who were injured during the season. All players who were picked on the all-star teams will be in the uniform of the club they represent and practically all will see action.

Managers of the eleven teams in the loop will report to the Maple Beach field at one o'clock in order to receive their positions for the distributing of tickets for the game. Officials of the league will be in charge with everyone, including the umpires, donating their services. The Rohm & Haas Social Club will prepare the field for the tilt.

John "Spike" Scordia, of St. Ann's, will manage the division one team, and he will be assisted by "Jimmy" Massilla, of Goodwill, and Jesse Vanzant, of the Rohm & Haas team. Andy Moore, of Voltz-Texaco, will manage the second division team, being assisted by Stan Vandegrift, of Badenhausen, and Ira Smith, of the Langhorne Legion.

Indications point to "Danny" Keegan as starting for the first division team, and Walt Carter, of Langhorne Legion, starting for the second division boys.

The ball game will get under way at 2.30 o'clock.

## GOODWILL LOSES TO ST. ANN'S; SCORE, 13-5

The winning streak of St. Ann's A. A. team in the Bristol Suburban League reached fourteen last evening as the "Saints" scored an easy 13-5 win over the Goodwill Hose team on the Third Ward field. It was the 25th win of the season for the Wood Streeters.

As the "Saints" winning streak continued, so did that of "Nate" Chichiletti, who chalked up his eighth straight mound victory. Chichiletti did not allow the firemen a hit until the fifth inning and he was enjoying a 10-0 lead at that time.

St. Ann's had ten hits off Joe McDevitt and Joe Cahill. McDevitt was the losing hurler, Cahill relieving him in the sixth inning.

The winners played poor ball at field, being charged with seven errors. Goodwill had one error in the field.

## SOBY POST DEFEATS LANGHORNE LEGION

LANGHORNE, July 26—"Pete" Everitt exhibited fine control on the mound last evening as the Soby Post nine whitewashed the Langhorne Legion, 9-0, in a Suburban League fracas. It was the second time this season that the Soby men beat their hometown foes.

Everitt held the Legion to but two hits, a single by Harding in the first and a hit by "Freddie" Briegle in the fifth. Everitt struck out fourteen batters. In addition to his pitching, Everitt had one of the longest drives on Playwicky field when he socked a home-run in the fifth with two mates on base.

"Bob" Mitchell and Darrah pitched for Langhorne, with Mitchell being charged with the defeat.

## Former Senator Grim Dies at 81

Continued from Page One  
Mr. Grim was a nominee for the office of District Attorney in 1894. He served as a delegate to several State and national conventions of his party, and was chairman of the State Convention in 1903.

It was in the fall of 1902 that Mr. Grim was elected a member of the State Senate, and during his term of office he introduced a number of important bills.

Among the more important bills introduced by Mr. Grim was one for the regulation of the speed of automobiles and their registration. This bill was passed at the session of the State Senate in 1903, and two years later, upon his suggestion, was amended.

Another measure introduced by Mr. Grim was to free the toll bridges over the Delaware river between this state and New Jersey. He also was one of the candidates at the Democratic State Convention in 1905 for nomination as Judge of the Superior Court, and in 1908 was his party's nominee for Governor.

Not only did Mr. Grim take an interest in state and county affairs, but he was quite active in the af-
